

eTek™ 600D PVC-Backed DWR Polyester

Product Description

eTek™ 600D PVC-Backed DWR Polyester is a durable, mid-weight waterproof fabric engineered for strength and versatility. Featuring a PVC backing, it offers excellent water repellency, abrasion resistance, and enhanced durability. With added resistance to UV rays, mold, and mildew, this 57-inch-wide fabric is ideal for tents, lightweight backpacks, furniture covers, and various indoor or outdoor applications requiring dependable performance.
